

Little London Medical Clinic

News Update

March 2022

Our team at Little London Medical Clinic are here for you. We are doing everything we can to ensure we can provide a safe service for you at this time. But we also want you to know that whether your health needs are Covid related or not, you won't be bothering us if you reach out for medical care during this time.

Welcome to our new Staff

GP Staff

We recently welcomed Dr Anna Teata to our team as a replacement for Dr Jacob Tan, who moved away from Hamilton last year. She brings her strengths as a true generalist GP as well as a friendly and approachable manner to her patient's care. Anna's 18 years of mostly rural general practice has strengthened Anna's ability to provide quality care across a wide range of health issues. As a mother of four, Anna brings many years of both personal and professional experience to her patients.

Reception Staff

We have recently welcomed Kudzai onto our reception team as well as welcoming back Rochelle G. Many of you may know Rochelle from when she was with us previously. It is great to have both Kudzai and Rochelle on the team and know they are looking forward to meeting you when you are next in touch with the clinic.

COVID-19 Frequently Asked Questions

We have updated our website to answer some of the questions you might have about Covid Testing, Covid Results, and what to do if you have Covid-19. Check it out here: littlelondonmedicalclinic.nz/covidfaq

Phone, Video or In-Person Appointments

To keep you and our staff safe while Covid-19 cases are in our community we are conducting most of our appointments over the phone. In most cases, you can request a video consultation. Your doctor will also advise you if one is needed, or if they need to see you in person.

VIDEO CONSULTATIONS: It is very helpful if you have set this up on your device prior to your appointment time. To do this visit our website and follow the instructions.

IN-PERSON APPOINTMENTS: After your initial video or phone consultation, your Dr may request to see you in person. When you arrive at the clinic please:

- Call Reception to let them know you have arrived
- Stay in your car until your Dr comes out to collect you.
- Wear a surgical mask if you have one

How to book an appointment

For non-urgent appointments, you can book online through Manage My Health. If you have not registered yet, follow the registration steps and then proceed to book your appointment. For all other appointments, please phone 07 839 5004 during business hours.

After-Hours Care

New Partnership with Practice Plus

SAME-DAY VIRTUAL AFTER-HOURS APPOINTMENTS

Our enrolled patients can access online after-hours appointments with GPs through our partnership with Practice Plus. This service is available from 5 pm-10 pm on Weekdays and from 8 am-8 pm on Weekends and Public Holidays.
